Interests

The goal of my career is to help people make better decisions under uncertainty. I believe that statistics offers a useful framework for incorporating additional information to make more scientific decisions while understanding the limits of our knowledge. In graduate school, I created methods to combine data sources from probability and non-probability surveys. I am interested in overcoming real-world difficulties with data and I am excited to partner with businesses to help clients find solutions to real data problems.

Professional Experience

Postdoctoral Researcher in Statistics September 2025 – August 2027
Ottawa, Canada

- MITACS fellowship supervised by David Haziza and Mehdi Dagdoug.
- Co-sponsored by the Bank of Canada.

Research Assistant, Center for Survey Statistics and Methodology January 2019 – August 2025
Ames, Iowa

Consultant, CIC Research March 2022 – February 2025
San Diego, California

Statistics and Data Science Intern, Westat May 2023 – August 2023
Rockville, Maryland

Research Assistant, Federal Reserve Board of Governors June 2016 – July 2018
Washington, DC

Education

Ph.D. in Statistics, Iowa State University August 2018 – August 2025
Ames, Iowa

Bachelor of Arts, Grinnell College August 2013 – May 2016
Grinnell, Iowa

Publications & Manuscripts

2. Leedy, C., Kim, J.K. (2026) *Data Integration Using Propensity Score Weighting Under Missing at Random*. Submitted.
1. Blanchard, J.D., Leedy, C., Wu, Y. (2020). *On rank awareness, thresholding, and MUSIC for joint sparse recovery*. Applied and Computational Harmonic Analysis, 48(1), 482–495.

Presentations

Small area estimation with machine learning algorithms <i>Invited Talk, SAE 2026, Bucharest, Romania</i>	June 2026
Nonparametric methods within area-level models <i>Invited Talk, SSC Annual Meeting, Hamilton, Canada</i>	June 2026
Debiased Calibration for Generalized Two-Phase Sampling <i>Poster, Joint Statistical Meetings, Portland, USA (SRMS Poster Award)</i>	August 2024
Debiased Nonparametric Regression in Two-Phase Sampling <i>Invited Talk, CANSSI-CRT Workshop on Modern Methods in Survey Sampling, Ottawa, Canada</i>	July 2024

Teaching

STAT 101: Principles of Statistics <i>Instructor, Iowa State University — Ames, Iowa</i>	Fall 2023
STAT 473/573: Introduction to Survey Sampling <i>Teaching Assistant, Iowa State University — Ames, Iowa</i>	Spring 2020 (F2F) / 2021 (online)
STAT 101: Principles of Statistics <i>Teaching Assistant, Iowa State University — Ames, Iowa</i>	Fall 2018
STAT 326: Introduction to Business Statistics II <i>Teaching Assistant, Iowa State University — Ames, Iowa</i>	Fall 2018
Grinnell Experimental College: Data Analysis with Python <i>Co-Instructor and Co-Course Creator, Grinnell, Iowa</i>	Spring 2015
Grinnell Experimental College: Introduction to Professional Typesetting with L^AT_EX <i>Co-Instructor and Co-Course Creator, Grinnell, Iowa</i>	Fall 2014

Services

Statistics Faculty Committee <i>Graduate Student Representative, Iowa State University — Ames, Iowa</i>	Fall 2023
Causal Inference Working Group <i>Co-Founder and Organizer, Iowa State University — Ames, Iowa</i>	Spring 2023 – Spring 2024
Faculty Panel: How to Read a Statistics Paper <i>Founder and Organizer, Iowa State University — Ames, Iowa</i>	Fall 2022
Computational Advisory Committee <i>Committee Member, Iowa State University — Ames, Iowa</i>	Fall 2018, Spring 2019

Awards

Non-SPEED Session Poster Award <i>Survey Research Methods Section — Portland, OR</i>	August 2024
Teaching Excellence Award <i>Iowa State University Graduate College — Ames, Iowa</i>	Spring 2024
Sampson Scholarship <i>Iowa State Statistics Department — Ames, Iowa</i>	Fall 2019
Fuller Scholarship <i>Iowa State Statistics Department — Ames, Iowa</i>	Fall 2018
